Blue Cross and Blue Shield of Vermont and The Vermont Health Plan
Q4 2022 Large Group Unit Cost Trend Filing
Actuarial Memorandum

1. Purpose

Blue Cross and Blue Shield of Vermont (Blue Cross) and The Vermont Health Plan (TVHP) perform large group rating on a case-by-case basis. We accomplish rating through a formulaic approach that blends recent group experience with a manual rate according to a credibility formula. We may adjust formula results for underwriting judgment and/or management decisions. This filing updates the medical unit cost trend factors that we will use for renewals beginning upon approval of this filing, most notably January 2023 renewals. Updates to the unit cost trend factors flow through to impact the manual rate as well—we also demonstrate this impact as part of this Q4 filing.

Once approved, we will use this filing for insured large group and grandfathered small group renewals (we will refer to them collectively as large groups for the remainder of the filing) until superseded by a subsequent filing. This filing will apply beginning with rates communicated within seven business days after the date of its approval and continuing until at most seven business days after the date of approval of the next Blue Cross and TVHP Large Group Rating Program filings. The term “communicated,” for this purpose, means a written proposal delivered to a large group account.

2. Overview and Rate Impact

2.1. Overview

This filing includes the development of medical unit cost factors and illustrates a manual rate developed using the medical unit cost trend factors. The medical unit cost factors update those approved in the Q3 2022 BCBSVT Large Group Rating Program Filing and the Q3 2022 TVHP Large Group Rating Program Filing (BCVT-133154621 and BCVT-133154563). The unit cost trend factors align with those filed in the 2023 Vermont ACA Market rate filings (BCVT-133243619 and BCVT-133243509). We use this filing for insured products, including Cost Plus. Blue Cross projects that this filing will affect 6,396 members (3,563 subscribers) in 38 groups. These totals are as of December 31, 2021 and include members of both Blue Cross and TVHP. We will refer to the combined population as Blue Cross throughout this memorandum.

2.2. Impact of Formula and Factor Changes

This total impact of changes in medical unit cost factors is 2.9 percent.

3. Medical Unit Cost Trend

Observations of recent contracting and provider budgetary changes are the main source of unit cost trends. During the year ended August 2021, roughly 52 percent of total claims dollars were provided by Vermont facilities and providers directly affected by the hospital budget review process of the Green Mountain Care Board (GMCB). For hospitals under the jurisdiction of GMCB review, we start with the assumption that the GMCB will approve hospital budgets for the 2022 cycle that support identical commercial increases as those approved for the 2021 cycle. For hospitals that requested a midyear increase in the spring of 2022, we assume that their next approved budget will be higher than the 2021 cycle by the annualized proportion that was not granted as a midyear adjustment.

Blue Cross and Blue Shield of Vermont and The Vermont Health Plan
 Q4 2022 Large Group Unit Cost Trend Filing
 Actuarial Memorandum

Based upon the above assumptions concerning hospital budget and fee schedule changes, the provider contracting and actuarial departments worked together to assess the impact such an increase would have on contract negotiations for the Blue Cross Managed Care, Blue Cross Non-Managed Care, and TVHP Managed Care contracts. For marketing reasons, Blue Cross negotiates different unit cost increases for each of the three contracts. To reflect these differences, we calculate a cost trend for each contract.

We assumed for other providers within the Blue Cross service area that overall 2022 and 2023 budget increases would be identical to those implemented during the 2021 cycle, with the exception that we have reflected any more recent information gleaned from our early negotiations with providers. Again, the provider contracting and actuarial departments worked closely together to assess the impact these assumptions would have on contract negotiations for the Blue Cross Managed Care, Blue Cross Non-Managed Care, and TVHP Managed Care contracts.

Finally, we derive unit cost increases for providers outside the Blue Cross service area from the Fall 2021 Blue Trend Survey, which is a proprietary and confidential dissemination of the BlueCross BlueShield Association.

Exhibit 2A shows the details of the cost increases by contract and type of claim. We use the expected increases to trend the contract-normalized claims to the projection period.

The chart below summarizes the results of the analysis:

Medical Unit Cost Trend – CY 2022			
	Blue Cross Managed Care	Blue Cross Non- Managed Care	TVHP Managed Care
Vermont facilities and providers impacted by GMCB’s Hospital Budget Review	6.4%	6.6%	6.4%
Other facilities and providers	5.5%	5.7%	5.7%
Total	6.0%	6.2%	6.1%

Medical Unit Cost Trend – CY 2023			
	Blue Cross Managed Care	Blue Cross Non- Managed Care	TVHP Managed Care
Vermont facilities and providers impacted by GMCB’s Hospital Budget Review	10.1%	10.1%	10.1%
Other facilities and providers	5.7%	5.7%	5.7%
Total	8.0%	8.0%	8.0%

4. Manual Rate

We have updated the manual rate for actives from the Q3 2022 BCBSVT Large Group Rating Program Filing and the Q3 2022 TVHP Large Group Rating Program Filing only to apply the trends as described in

Blue Cross and Blue Shield of Vermont and The Vermont Health Plan
Q4 2022 Large Group Unit Cost Trend Filing
Actuarial Memorandum

section 3. Other than this update, the manual rate development for actives is identical to that described within the Q3 2022 filings (BCVT-133154621 and BCVT-133154563).

Calculation of the Manual Rate (Actives)				
Claim Type		Medical	Pharmacy	Total
Q3 2022 Manual Rate	A	\$537.27	\$122.77	\$660.04
Q3 2022 Paid Trend Factor	B	1.1951	N/A	
Q4 2022 Paid Trend Factor	C	1.2380		
Q4 2022 Manual Rate	$D = A \times (C/B)$	\$556.59	\$122.77	\$679.36

5. Medical Loss Ratio Projection

We use the factors and formula in this filing to project a Medical Loss Ratio (MLR) for 2023. Using the manual rate as a proxy for projected claims, we project a 2023 MLR of 89.5 percent for Blue Cross and 88.7 percent for TVHP. The Blue Cross credibility-adjusted MLR for Large Group was 95.3 percent in 2019 and 90.1 percent in 2020. The TVHP credibility-adjusted MLR for Large Group 94.5 percent in 2019 and 97.0 percent in 2020. Exhibit 4C provides the development of the projected MLR. The calculations represent estimates assuming that all pricing assumptions hold true, and assuming no change from 2020 values for various quantities (e.g. HCQ, commissions).

6. Act 193 Information

This information is included template filed in SERFF with this filing (*VT Rx Data Template - BCBSVT - Q4 2022 Large Group.xlsx*). The data in the template is based on actual and projected experience for the groups included in the manual rate.

BLUE CROSS BLUE SHIELD OF VERMONT & THE VERMONT HEALTH PLAN
Q4 2022 LARGE GROUP UNIT COST TREND FILING
PLAIN LANGUAGE SUMMARY

Our mission and vision. Blue Cross and Blue Shield of Vermont (Blue Cross) is committed to giving our members access to high-value health care while responsibly managing healthcare costs. To that end, we seek to improve the health of Vermonters by promoting preventive care and healthy lifestyles. We use our strong care management program to assure better care for our members and avoid unnecessary costs. And we work with providers on strategies to improve health care services and reduce health care costs.

Blue Cross's vision is a transformed health care system in which every Vermonter has health care coverage, and receives timely, effective, affordable care. To achieve that vision, Blue Cross must be financially sound. That means we need to charge rates that cover the cost of providing health care to our members.

Rate request summary. Blue Cross and TVHP create large group premiums on a case-by-case basis. The rating process uses a formula that blends recent claims experience for each group with a manual rate. This filing updates the medical trend factors and manual rate that will be used to create large group renewals.

- There are an estimated 3,300 contracts (6,000 members) currently enrolled in one of 35 Blue Cross large group plans that will be affected by this filing.
- TVHP has an estimated 200 contracts (400 members) enrolled in three large group plans that will be affected by this filing.
- The factors in this filing will increase premium 2.9 percent for a group that is manually-rated using none of its own experience data.

Reasons for the change in factors. The only change to this filing is to incorporate the expected increases for Vermont and New Hampshire hospitals in the next round of cost increases. Specifically:

- Blue Cross and TVHP are proposing a paid trend of 10.7 percent for medical claims, which includes hospital unit cost increases and anticipated changes in the use of services.
- The higher paid trend factors results in a manual rate increase of 2.9 percent.

Our efforts to reduce premium increases. We know that paying for health insurance is a struggle for many, and we strive to keep premiums as low as possible. The proposed factors reflect our efforts to reduce rate increases, which included the launch of Vermont Blue Rx, an innovative prescription drug benefit service that will improve the consumer experience, drive better health outcomes and lower costs for members, providers, and employers.

Our experience in this market. Over the past five years, Blue Cross has lost almost \$23 million on this line of business. Blue Cross has not included any additional contribution to member reserves to offset this loss.

Our health care system must be adequately funded in order to keep it strong and accessible. Since the factors that determine premiums are primarily the cost and utilization of health care, we believe that there is no way to further reduce the filed factors without underfunding the health care coverage on which Vermonters rely.

Public comment. Members of the public can submit comments to the Green Mountain Care Board about this rate request. For more information, please visit the Board's Public Comment page: https://ratereview.vermont.gov/public_comment
