Dear Mr. Pontiff:

The following additional information is required for this filing.

Notice regarding proper responses:

- A minimum-acceptable response to quantitative questions from us must include a spreadsheet calculation with retained formulas such that we can replicate the calculations therein.
- Explanatory responses are merely a supplement to the spreadsheet material and in of themselves will constitute a lack of response.

Questions:

1. Regarding Exhibits 36, 40, and 41 presented at MVP's rate hearing – Please provide the quantitative support contained in the exhibits in Excel format with working formulas, the associated qualitative support, and any other quantitative backup calculation that would be relevant to the actuarial rate review.

To ensure that the review of your filing is completed before statutory deadlines, we expect you to respond as expeditiously as possible, but no later than July 21, 2022.

We trust that you understand these forms may not be used in Vermont until they are formally approved by the GMCB.

Sincerely,
