Laura Beliveau Staff Attorney Green Mountain Care Board 144 State Street Montpelier, Vermont 05602

Subject:Blue Cross and Blue Shield of Vermont - NAIC # 53295 2024 Large Group Unit Cost Trend Filing

Dear Ms. Beliveau:

Attached for the Green Mountain Care Board's review and approval is Blue Cross and Blue Shield of Vermont's 2024 Large Group Unit Cost Trend Filing. This filing updates unit cost trend factors to align with those filed in the 2024 Vermont ACA Market rate filings in an effort to establish rates that are aligned with hospital budget requests that will be submitted on June 30, 2023. This filing is intended to allow for actual hospital budget submissions to be incorporated into large group rates in the same manner that they will be incorporated into ACA rates.

Please let me know if we can answer any questions or provide further information during your review.

Sincerely,

Ruth Greene

### 1. Purpose

Blue Cross and Blue Shield of Vermont (Blue Cross VT) performs large group rating on a case-by-case basis. We accomplish rating through a formulaic approach that blends recent group experience with a manual rate according to a credibility formula. We may adjust formula results for underwriting judgment and/or management decisions. This filing updates the medical unit cost trend factors that we will use for renewals beginning upon approval of this filing, most notably January 2024 renewals. Updates to the unit cost trend factors flow through to impact the manual rate as well—we also demonstrate this impact as part of this filing.

Once approved, we will use this filing for insured large group and grandfathered small group renewals (we will refer to them collectively as large groups for the remainder of the filing) until superseded by a subsequent filing. This filing will apply beginning with rates communicated within seven business days after the date of its approval and continuing until at most seven business days after the date of approval of the next Blue Cross VT Large Group Rating Program filing. The term "communicated," for this purpose, means a written proposal delivered to a large group account.

### 2. Overview and Rate Impact

#### 2.1. Overview

This filing includes the development of medical unit cost factors and illustrates a manual rate developed using the medical unit cost trend factors. The medical unit cost factors update those approved in the 2024 Blue Cross VT Large Group Rating Program Filing (BCVT-133551255). For non-GMCB regulated facilities, the unit cost trend factors align with those filed in the 2024 Vermont ACA Market rate filings (BCVT-133654578 and BCVT-133654592). We use this formula for insured products, including Cost Plus. Blue Cross VT projects that this filing will affect 5,785 members (3,270 subscribers) in 40 groups. These totals are as of December 31, 2022.

### 2.2. Impact of Formula and Factor Changes

This total impact of changes in medical unit cost factors is 2.8 percent.

#### 3. Medical Unit Cost Trend

We use medical claims incurred from September 1, 2018, to August 31, 2022, paid through October 31, 2022, and pharmacy claims incurred from October 1, 2018, to September 30, 2022, paid through October 31, 2022. We apply completion factors to estimate the ultimate incurred claims for each period shown in the exhibits.

Observations of recent contracting and provider budgetary changes are the main source of unit cost trends. During the year ended August 2022, roughly 53 percent of total claims dollars were provided by Vermont facilities and providers directly affected by the hospital budget review process of the Green Mountain Care Board (GMCB).

For hospitals under the jurisdiction of GMCB review, we start with the assumption that the GMCB will approve hospital budgets for October 1, 2023, and October 1, 2024, that reflect that five-year average of

prior approvals. This is aligned with the approved factors from the 2024 Large Group filing (BCVT-133551255).1.

For other providers within the Blue Cross VT service area, we work with the Blue Cross VT contracting team to include expected increases to fee schedules.

The provider contracting and actuarial departments worked together to assess the impact these increases would have on contracts for Blue Cross VT Managed Care, Blue Cross VT Non-Managed Care, and TVHP Managed Care contracts. For marketing reasons, Blue Cross VT negotiates different unit cost increases for each of the three contracts. To reflect these differences, we calculate a cost trend for each contract.

Finally, we derive unit cost increases for providers outside the Blue Cross VT service area from the Fall 2022 Blue Trend Survey, which is a proprietary and confidential dissemination of the BlueCross BlueShield Association.

Exhibit 2A shows the details of the cost increases by contract and type of claim.

We use the expected increases to trend the contract-normalized claims to the projection period.

The chart below summarizes the results of the analysis:

Medical Unit Cost Trend – CY 2023					
Blue Cross VT Blue Cross VT Non- TVHP N Managed Care Managed Care Ca					
Vermont facilities and providers impacted by GMCB's Hospital Budget Review	14.1%	14.1%	14.1%		
Other facilities and providers	5.6%	5.6%	5.6%		
Total	10.1%	10.1%	10.1%		

Medical Unit Cost Trend – CY 2024					
Blue Cross VT Blue Cross VT Non- TVH Managed Care Managed Care					
Vermont facilities and providers impacted by GMCB's Hospital Budget Review	6.4%	6.9%	6.4%		
Other facilities and providers	6.3%	6.3%	6.3%		
Total	6.3%	6.6%	6.3%		

#### 3.1. Prior Experience Period Trend Factors

We trend prior experience periods to the most current experience period using observed trends and apply the trend factors in section 4 to trend from the most current experience period to the rating period. Exhibit 2G contains the trend factors applicable to prior periods. For months following our trend base (that is, after August 2022, the observed trend is set to the trend factors in section 3. To develop

<sup>&</sup>lt;sup>1</sup> We expect to update the unit cost trend assumptions upon review of the June 30, 2023 hospital budget submissions.

the observed medical trend factors, we calculate a monthly utilization trend. We apply actual cost increases to calculate the total observed medical trend.

The 2024 Large Group filing factors applied historical utilization trend based on total monthly claims. We update the historical utilization trends to be on a PMPM-basis, using the same underlying data as in the 2024 Large Group filing. We consider this update to more accurately reflect underlying trend in prior experience periods.

#### 4. Manual Rate

We have updated the manual rate for actives from the 2024 Blue Cross VT Large Group Rating Program Filing only to apply the trends as described in section 3. We also update the trend factors in section 3.1 to apply utilization trends on a PMPM basis.

Calculation of the Manual Rate (Actives)						
Claim Type Medical Pharmacy Total						
2024 Manual Rate	Α	\$602.14	\$145.37 \$747.51			
2024 Paid Trend Factor	В	1.233	NI/A			
Updated Paid Trend Factor	С	1.279	- N/A			
Updated Manual Rate D = A x (C/B) \$624.44 \$145.37 <b>\$769.81</b>						

As noted in section 3.1, the prior experience trend factors in the 2024 Large Group filing used total monthly claims to apply utilization trends. Since the member months varied through the trend experience period, this update has a different impact based on the experience period used. Switching utilization to a PMPM basis increases the manual rate, which also increases the full manual premium. Conversely, the change in methodology decreases the trend factors used in the experience rates, which ultimately decreases the full credibility-adjusted premium rate. The table below provides the impact by claim component.

Claim Component	Impact of Method Change
Manual Rate	2.0%
Experience Rate, Year 1	2.0%
Experience Rate, Year 2	-9.4%
Experience Rate, Year 3	-10.2%
Total	-2.6%

As shown in the table above, this change methodology results in a net decrease for groups for this component.

### 5. Medical Loss Ratio Projection

We use the factors and formula in this filing to project a Medical Loss Ratio (MLR) for 2024. Using the manual rate as a proxy for projected claims, we project a 2024 MLR of 89.0 percent. The credibility-adjusted MLR for Large Group was 90.1 percent in 2020 and 89.5 percent in 2021. Exhibit 4C provides the development of the projected MLR. The calculations represent estimates assuming that all pricing

assumptions hold true, and assuming no change from 2021 values for various quantities (e.g., HCQ, commissions).

### 6. Act 193 Information

This information is included template filed in SERFF with this filing (*VT Rx Data Template - BCBSVT - 2024 Large Group Unit Cost.xlsx*). The data in the template is based on actual and projected experience for the groups included in the manual rate.

## 7. Actuarial Opinion

I, Martine Lemieux, Actuarial Director of Financial Integrity, am an employee of Blue Cross Blue Shield of Vermont and a member of the American Academy of Actuaries. I have experience in the area of insured health care programs.

Section 8 lists applicable limitations and disclosures.

It is my opinion that the factors presented in this filing are reasonable and have been prepared in accordance with applicable Actuarial Standards of Practice. The factors will produce premium rates that are reasonable in relation to the benefits provided and will not be excessive inadequate or unfairly discriminatory.

I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries, and I meet the Academy's Qualification Standards to render this opinion.

Martine Lemieux, F.S.A., M.A.A.A.

May 16, 2023

#### 8. Disclosures

**Information Date**: The analysis provided in the report is based on information as known on May 15, 2023.

**Scope:** The purpose of this filing is to update the trend factors and manual rate that will be used for renewals of Blue Cross and Blue Shield of Vermont large group plans. This filing is not intended to be used for other purposes.

**Intended Users:** This material has been prepared for the GMCB. Blue Cross VT understands that this memorandum and accompanying exhibits will be posted publicly.

**Uncertainty or Risk:** Future events will affect the results presented in the memorandum.

Per GMCB guidance published on March 29, 2023.<sup>2</sup>, Vermont hospital budgets submissions are due June 30, 2023. The hospital budget submissions will be different from the assumptions included in this filing and may call into question the adequacy or excessiveness of the premium rates discussed herein.

**Reliance on Other Sources for Data and Other Information:** This analysis relies upon data from the Blue Cross VT data warehouse. I have reviewed the data for reasonableness, but no audit was performed.

**Subsequent Events:** New information related to the COVID-19 pandemic continues to emerge on a regular basis. Subsequent events may affect the projected MLR presented herein. The degree to which future events may materially change the MLR is unknown.

On May 1, 2023, Blue Cross VT announced that it intends to affiliate with Blue Cross and Blue Shield of Michigan. The regulatory approval process, which will begin once both entities file with their respective state regulators, does not have a specific timeline. The effect of this proposed affiliation on the projections included in the filing is currently expected to be immaterial.

<sup>&</sup>lt;sup>2</sup> https://gmcboard.vermont.gov/sites/gmcb/files/documents/FY24%20Hospital%20Budget%20Guidance%20FINAL.pdf

I HEREBY CERTIFY that I have reviewed the applicable filing requirements for this filing, and, to the best of my knowledge, the filing complies with all applicable statutory and regulatory provisions for the state of Vermont

Ruth Greene

2024 Large Group Unit Cost Trend Filing

Dear Ms. Beliveau:

Attached for the Green Mountain Care Board's review and approval is Blue Cross and Blue Shield of Vermont's 2024 Large Group Unit Cost Trend Filing. This filing updates unit cost trend factors to align with those filed in the 2024 Vermont ACA Market rate filings in an effort to establish rates that are aligned with hospital budget requests that will be submitted on June 30, 2023. This filing is intended to allow for actual hospital budget submissions to be incorporated into large group rates in the same manner that they will be incorporated into ACA rates.

Please let me know if we can answer any questions or provide further information during your review.

Sincerely,

Ruth Greene

## BLUE CROSS BLUE SHIELD OF VERMONT 2024 LARGE GROUP UNIT COST TREND FILING PLAIN LANGUAGE SUMMARY

*Our commitment.* For more than 40 years, our nonprofit health plan has had a simple, powerful mission: make healthcare work better for all Vermonters.

**Rate request summary.** Blue Cross and Blue Shield of Vermont (Blue Cross VT) calculates large group premiums on a case-by-case basis. The rating process uses a formula that blends recent claims experience for each large group with a manual rate. This filing updates the medical trend factors and manual rate that will be used to create large group renewals.

- There are an estimated 3,300 contracts (5,800 members) currently enrolled in one of 40 Blue Cross VT large group plans that will be affected by this filing.
- The factors in this filing will increase premium 2.8 percent for a group that is manually-rated using none of its own experience data.

**Reasons for the change in factors.** The only changes to this filing are to incorporate the expected increases for Vermont and New Hampshire hospitals in the next round of cost increases and to update how historical utilization trends are applied. Specifically:

- Blue Cross VT is proposing a paid trend of 11.7 percent for medical claims, which includes hospital unit cost increases and anticipated changes in the use of services.
- The higher paid trend factors results in a manual rate increase of 2.8 percent.

Our efforts to reduce premium increases. We know that paying for health insurance is a struggle for many, and we strive to keep premiums as low as possible. The proposed factors reflect our efforts to reduce rate increases, which included the launch of Vermont Blue Rx, an innovative prescription drug benefit service that will improve the consumer experience, drive better health outcomes and lower costs for members, providers, and employers.

*Our experience in this market*. Over the past five years, Blue Cross VT has lost almost \$25 million on this line of business.

**Public comment.** Members of the public can submit comments to the Green Mountain Care Board about this rate request. For more information, please visit the Board's Public Comment page: <a href="https://ratereview.vermont.gov/public comment">https://ratereview.vermont.gov/public comment</a>

#### <sup>1</sup> Vermont Statute 8 V.S.A. § 4062

(2)(A) In conjunction with a rate filing required by subsection (a) of this section, an insurer shall disclose to the Board:

- (i) for all covered prescription drugs, including generic drugs, brand-name drugs excluding specialty drugs, and specialty drugs dispensed at a pharmacy, network pharmacy, or mail-order pharmacy for outpatient use:
- (I) the percentage of the premium rate attributable to prescription drug costs for the prior year for each category of prescription drugs;
- (II) the year-over-year increase or decrease, expressed as a percentage, in per-member, per-month total health plan spending on each category of prescription drugs; and
- (III) the year-over-year increase or decrease in per-member, per-month costs for prescription drugs compared to other components of the premium rate.
- (B) The insurer shall provide, if available, the percentage of the premium rate attributable to prescription drugs administered by a health care provider in an outpatient setting that are part of the medical benefit as separate from the pharmacy benefit.

## <sup>2</sup> Vermont Statute 8 V.S.A. § 4062

(2)(A) In conjunction with a rate filing required by subsection (a) of this section, an insurer shall disclose to the Board:
(C) The insurer shall include information on its use of a pharmacy benefit manager, if any, including which components of the prescription drug coverage described in subdivisions (A) and (B) of this subdivision (2) are managed by the pharmacy benefit manager, as well as the name of the pharmacy benefit manager or managers used.
